ADVANCED OPTICS & TRACKING

The vr2000 uses the world's most advanced 3D auto-focus optical system and full stereo sound. No other system offers as smooth tracking for a full immersion play experience.

CURRENCY COLLECTOR

The vr2000 offers the top rated four-way bill acceptor for the most trouble-free operation. Its rugged theft-proof cash box stacks 600 bills without jamming or load lock.

HIGH RESOLUTION MONITOR

The vr2000 is configured with a special high-resolution game screen mounted to face the traffic area. This allows passing customers to view the game play action.

PLAYER RETAINER

The vr2000 is designed with player safety always foremost. A special retainer keeps players restricted to a safe play area without limiting the virtual reality experience.

NON-SKID FLOOR

The vr2000 features a special non-skid floor pad which helps give players the best foot leverage possible. Players remain in full control and balance while following the exciting movements.

VR2000
